1. Precedents

This is the 11th edition of the Elisava - La Capell call, which arises from the collaboration between Elisava and the Cooperativa d'Arquitectes Jordi Capell (hereinafter La Capell).

Among the various agreements established in the collaboration agreement signed by both parties, the following point is considered:

La Capell places at Elisava's students and Alumni Bold disposal a show case-space, so that they can display their products (sample of products) and it promises to sell them if they meet minimum legal, quality, and storage requirements to be put up for sale.

The selected pieces will be exhibited at La Capell and will be identified with three elements: the designer's name and with an "Elisava Alumni" tag. This information will be prepared by Elisava, and La Capell will oversee placing it with the corresponding product.

2. Details of the call

3. Evaluation of the proposals

The proposals received in time and form as established in these rules will be evaluated by a jury consisting of:

- + Marc Longaron, General Director of La Capell
- + Jordi Llopis, external expert .

The proposals received will be evaluated in relation to the following aspects:

- + It is a unique design according to the opinion of the jury.
- + Project quality (concept, form and function) and thorough manufacturing.
- + Feasibility and commercial appeal of the project (minimum series available, legal requirements to be able to invoice and sell).
- + Coexistence with the philosophies of La Capell and ELISAVA.

The selected projects, in which the jury has proposed an improvement, will have the advice of an expert. The designers of these products are committed to actively participating in this stage of improvement and monitoring.

This call may be declared void if none of the proposals submitted meets the minimum requirements established by ELISAVA and La Capell.

4. Communication and dissemination actions

La Capell, Elisava and Elisava Alumni reserve the right to use the documentation of the selected proposals for communication and dissemination actions as well as to be able to promote future editions of this call or other related ones.

By agreeing to participate in this call, designers implicitly agree to authorize La Capell, Elisava and Elisava Alumni to publish in various formats and various channels the communication material related to the selected proposals.

The selected pieces will be published in various formats produced by La Capell on a regular basis (catalogue, website, among others).

La Capell, Elisava and Elisava Alumni will assess the suitability of organizing a product presentation event once all the selected pieces are on sale in La Capell store. If this event takes place, designers of the selected products must take part.
